THE GREAT GERMAN REMEDY FOR PAIN.

Rheumatism, Neuralgia, Sciatica, Lumbago, Backache, Headache, Toothache, Stomachache, Gout, Sprains, Bruises, Burns, Scalds, and all other painful affections.

It is the only remedy that cures all the above ailments.

Prepared by Dr. J. C. Jacobs, St. Jacobs, Germany.

A CHILD!

TALLBOTT, Ga., Sept. 12, 1884.—My little son, now seven years old, broke out when a babe three weeks with what the doctors called eczema, beginning on the head and gradually spreading over his whole body. He was treated for five years or more by various physicians without relief, and the little boy's health was completely broken down. About a year ago I was induced to use on him Swift's Specific, and two bottles cured him of sound and well, and there has been no sign of a return of the disease.

Poisoned by a Nurse.

Some eight years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little child lingered along until it was about two years old, when it little life yielded up to the fearful poison. For six long years I have suffered from misery. I was covered with sores and ulcers from head to foot, and in my great extremity I prayed to die. No language can express my feelings of grief, however, and I have taken Swift's Specific. About three months ago I was advised to try Swift's Specific. I did so, and I feel that I have been cured. I have been cured of my blood taint, and I feel that I have been cured of my blood taint. I have been cured of my blood taint, and I feel that I have been cured of my blood taint.

A Dropnet for 35 Years.

AUGUSTA, Ala., Sept. 4, 1884.—I am an old pharmacist, and have had to do largely with blood diseases for over thirty years. I have seen in all kinds of blood diseases, and do not hesitate to say that Swift's Specific is the best and best given general satisfaction than any other I have ever tried. Last year a student came to my store emaciated and covered with sores. I recommended S. S. S. He took only three bottles, and the sores disappeared. His flesh was smooth and fresh as that of a child, and he has gained ten pounds. Many ladies have taken it for general debility, and find it the most satisfactory cure ever used. I have been dealing in Swift's Specific for five years or more, and am satisfied that it is the best blood purifier in the world, and it is the best blood purifier in the world. I am satisfied that it is the best blood purifier in the world, and it is the best blood purifier in the world.

THE CITY.

Judge John Morris is quite ill.

Jay McCracken, of the Pittsburg freight office, is indisposed.

The Wabash and Pittsburg shops are in working operations again.

Sion S. Bass Post, G. A. R., will give a mush and milk social Wednesday evening at their parlors.

A young son of Thomas Lanagan, the gate keeper at the Pittsburg crossing, is very low with brain fever.

The police are on the lookout for a sneak thief who stole a valuable wolf robe from the sleigh of John H. Bass.

Hon. Wm. Fleming has entirely recovered from his recent illness and is able to look after his business interests.

Mr. and Mrs. Charles Fairfield entertained a merry sleighing party at their home in South Wayne Saturday evening.

St. Rev. Bishop Dwenger will not attend the consecration of the bishop of Covington, owing to the illness of Monsignor Bennet.

Joseph Meyer is closing out his stock of pictures and frames, preparatory to retiring from business. The gentleman's health is failing.

Representative Brooks voted against the bill reducing the rate of interest from 8 to 6 per cent. Messrs. Hayden and McHenry voted for the bill.

P. H. Ryan, son of Weighmaster Ryan, and Mary Kears were married at Crestline, Ohio. They are home to their friends at 133 Madison street.

Capt. Isaac D'Isy is secretary of the National Real Estate convention and is also on the committee of constitution and by laws and executive committee.

William Blee, who owns a fine farm near the Whitley county line, brought twenty-five sleigh loads of wheat to this city to-day. Saturday he hauled in four loads.

The papers are now airing a club room in the Odd Fellow building. Here the wife of a dentist had hysterics the other night because her husband would not quit the card table.

Bold thieves robbed the post office at Andrews Saturday night. They also went through the grocery store of Mr. Long and then rode away in Rev. Robinson's sleigh behind his best horse.

The Old Fort Wayne National Bank begins its existence under the new charter and organization this morning. This bank is one of the solid institutions of the country and enjoys a great patronage.

Mrs. Charles Worden gave a very delightful 6 o'clock tea to a few friends. Those present were Mrs. Dr. McCahey, Misses Kate Hamilton, Edith Bracken, Nannie McLaughlin and Minnie Hood.

The committee selected to prepare a plan of organization for the Jeffersonian club meet again to-night at the office of J. M. Barrett. Wednesday night a general meeting of the club will be held at the circuit court room.

The Huntington News says: "Dr. G. C. Stemen, U. G. Lapea and A. J. Keeler, of the Fort Wayne Medical college are in the city the guests of Charles and Emory Stalls. The trio seem to captivate the hearts of many of our city belles."

The Wabash railway bridge over the ravine near the residence of Samuel Havens, near Liberty Mills, was destroyed by fire. A freight train was passing over the bridge and a broken rail caused a few cars to leave the track, thus beginning the damage.

Reuben Stahl, of South Calhoun street, is the father of his fourteen child, a girl, and all are alive. Mr. Stahl doesn't feel as enthusiastic as he did on the arrival of the tenth or eleventh. Mr. Stahl is not in the employ of the census department as many suppose.

The second meeting for the month of the O. L. S. O. will be held at the residence of Miss Orr, 233 Webster street, this evening. The subject matter under consideration will be the first eighty-three pages of College Greek Course and Bunsell's "Arguments on the Character of Christ."

Mr. J. H. Bass has just added to his celebrated stable a \$5,000 running stallion from England. The horse is a beauty and Mr. Bass may arrange to test his speed at the next Northern Indiana fair. The celebrated old running horse, and a former winner of the Derby, owned by Mr. J. H. Bass, was ordered shot some time ago because he grew helpless. The young animal takes his place.

After a long illness the Rev. William M. Stryker breathed his last at 2 o'clock Saturday afternoon at his residence, No. 390 West Jefferson street. He was one of our oldest citizens, and in his younger days had shown rare ability in the pulpit of the Presbyterian church. The funeral services take place to-morrow at 9 o'clock a. m. from his late residence, Rev. W. H. McFarland officiating. The remains will be taken to Munroe for interment.

A large audience was present Saturday evening at Miss Stela Lawrence's benefit at the Baptist church. Miss Lawrence will go to Chicago this week to complete her musical studies.

The receipts of the charity entertainment at Library hall last week amount to \$310.50. The St. Vincent de Paul society met yesterday and arranged for the distribution of the money.

Conductor Charley Carnahan, who runs a Wabash passenger train from Toledo to Danville, is well known here. At Logansport, Friday, a man boarded his train and presented a pass. The LaFayette Courier says: "It was genuine and the holder entitled to ride on it. So the conductor decided, but the road agent who came along behind the conductor took up the pass and made the passenger pay his fare. At Danville the conductor and road agent got into a dispute, in which the agent, in a casual sort of a way, called the conductor a 'liar,' and the conductor in a fit of absentmindedness knocked the agent down and pounded him almost to a jelly, and told him that if he ever got on board his train again he would kick him off. After polishing the fellow off to his heart's content, Charley went to the office and telegraphed his resignation to Superintendent Stevens. Much difficulty was experienced in getting some one to take his train out Saturday night. It is said that never mortal man got such a licking as this train agent did. The conductor wiped up the entire train with his carcase."

The feeling against the Wabash spot-tem is intense. One of them entailed a \$60,000 damage suit upon the company by refusing to take a stop-over check, compelling the passenger to pay his fare. There is a rumor that all the conductors will follow Carnahan's illustrious example in the future.

A TELLING EXPERIENCE.

Remarkable Statement of Personal Danger and Presidential Escape.

The following story—which is attracting wide attention from the press—is so remarkable that we cannot excuse ourselves if we do not lay it before our readers, even though its length would ordinarily preclude its admission to our limited space.

To the Editor Rochester (N. Y.) Democrat:

Sir: On the last day of June, 1881, I lay at my residence in this city surrounded by my friends and waiting for death. Heaven only knows the agony I then endured, for words cannot describe it; and yet, if a few years previous any one had told me that I was to be brought so low, and by so terrible a disease, I should have scoffed at the idea. I had always been uncommonly strong and healthy, weighed over 200 pounds, and hardly knew, in my own experience, what pain or sickness were. Very many people who will read this statement realize at times that they are unusually tired and cannot account for it. They feel dull pains in various parts of the body and do not understand it. Or they are exceedingly hungry one day and entirely without it the next. This was just the way I felt when the relentless malady which had fastened itself upon me first began. Still I thought nothing of it; that probably I had taken a cold, which would soon pass away. Shortly after this I noticed a heavy, and at times neuralgic, pain in one side of my head, but as it would come one day and be gone the next, I paid little attention to it. Then my stomach would get out of order and my food would often fail to digest, causing at times great inconvenience. Yet, even as a physician I did not think these things meant anything serious. I fancied I was suffering from malaria and doctored myself accordingly. But I got no better. Next noticed a peculiar color and odor about the fluids I was passing, also that there were large quantities one day and very little the next, and that a persistent froth and scum appeared upon the surface and a sediment settled. And yet I did not realize my danger, for, indeed seeing these symptoms continually, I finally became accustomed to them, and my suspicious were wholly disarmed by the fact that I had no pain in the affected organs or in their vicinity. Why I should have been so blind I cannot understand.

I consulted the best medical skill in the land. I visited all the famed mineral springs in America and traveled from Maine to California. Still I grew worse. No two physicians agreed as to my malady. One said I was troubled with spinal irritation; another with dyspepsia; another, heart disease; another, general debility; another, congestion of the base of the brain, and so on through a long list of common diseases, the symptoms of many of which I really had. In this way several years passed, during which time I was steadily growing worse. My condition had become pitiable. The symptoms I at first experienced had developed into terrible and constant disorders. My weight had been reduced from 207 to 190 pounds. My life was a burden to myself and friends. I could retain no food on my stomach and lived wholly by injections. I was a living mass of pain. My pulse was uncontrollable. In my agony I frequently fell to the floor and clutched the carpet, and prayed for death. Morphine had little or no effect in deadening the pain. For six days and nights I had the death-promontory hiccoughs constantly. My water was filled with tube-casts and albumen. I was struggling with Bright's Disease of the kidneys in its last stages!

While suffering thus I received a call from my pastor, the Rev. Dr. Foote, at that time rector of St. Paul's Episcopal church, of this city. I felt that it was our last interview, but in the course of conversation Dr. Foote detailed to me the many remarkable cures of cases like my own which had come under his observation, by means of a remedy, which he urged me to try. As a practicing physician and a graduate of the schools, I derived the idea of any medicine outside the regular channels being the least beneficial. So solicitous, however, was Dr. Foote, that I finally promised I would waive my prejudice. I began its use on the first day of June, 1881, and took it according to directions. At first it sickened me; but this I thought was a good sign for one in my debilitated condition. I continued to take it; the sickening sensation departed and I was finally able to retain food upon my stomach. In a few days I noticed a decided change for the better, as also did my wife and friends. My hiccoughs ceased and I experienced less pain than formerly. I was so rejoiced at this improved condition that, upon what I had believed but a few days before was my dying bed, I vowed, in

the presence of my family and friends, that should I recover I would both publicly and privately make known this remedy for the good of humanity, wherever and whenever I had an opportunity, and this letter is in fulfillment of that vow. My improvement was constant from that time, and in less than three months I had gained 26 pounds in flesh, became entirely free from pain and I believe I owe my life and present condition wholly to Warner's Safe Cure, the remedy which I used.

Since my recovery I have thoroughly re-investigated the subject of kidney difficulties and Bright's disease, and the truths developed are astounding. I therefore state, deliberately, and as a physician, that I believe more than one-half of the deaths which occur in America are caused by Bright's disease of the kidneys. This may sound like a rash statement, but I am prepared to fully verify it. Bright's disease has no distinctive symptoms of its own, (indeed, it often develops without any pain whatever in the kidneys or their vicinity), but has the symptoms of nearly every other common complaint. Hundreds of people die daily, whose burials are authorized by a physician's certificate as occurring from "heart disease," "apoplexy," "paralysis," "spinal complaint," "rheumatism," "pneumonia," and other common complaints, when in reality it is from Bright's disease of the kidneys. Few physicians, and even people, realize the extent of this disease or its dangerous and insidious nature. It steals into the system like a thief, manifests its presence if at all by the commonest symptoms and fastens itself upon the constitution before the victim is aware of it. It is nearly as hereditary as consumption, quite as common and fully as fatal. Entire families, inheriting it from their ancestors, have died, and yet none of the number knew or realized the mysterious power which was removing them. Instead of common symptoms it often shows none whatever, but brings death suddenly, from convulsions, apoplexy or heart disease. As one who has suffered, and knows by bitter experience what he says, I implore every one who reads these words not to neglect the slightest symptoms of kidney difficulty. Certainly agony and probable death will be the sure result of such neglect, and no one can afford to hazard such chances.

I am aware that such an unqualified statement as this, coming from me, known as I am throughout the entire land as a practitioner and lecturer, will arouse the surprise and possible animosity of the medical profession and astonish all with whom I am acquainted, but I make the foregoing statements based upon facts which I am prepared to produce and truths which I can substantiate to the letter. The welfare of those who may possibly be sufferers such as I was, is an ample inducement for me to take the step I have, and if I can successfully warn others from the dangerous path in which I once walked, I am willing to endure all professional and personal consequences.

Loved by Ladies.

Ladies love delicate and delicious perfumes. In Parker's Hair Balsam they not only satisfy this taste, but have an article which arrests falling hair, removes dandruff, restores the original color and imparts a beautiful gloss, softness and life. Does not soil the linen, is not a dye, is cleanly and economical.

If you want an Oil Portrait, try Jones. \$15 to \$30 each. See samples.

Try Jones' \$2 Cab. Photos, warranted.
